

**NEW MEXICO WILDLAND FIRE MANAGEMENT JOINT POWERS MASTER
AGREEMENT
COST SHARE AGREEMENT**

The purpose of this Cost-Share Agreement is to provide for a coordinated cooperative fire suppression operation on this incident and to describe the cost-share methodology. This Cost-Share Agreement is entered into as per Section 44 of the New Mexico Wildland Fire Management Joint Powers Master Agreement.

1. Incident Name COYOTE Origin Date: 05/07/2016 Time: 12:51
2. Latitude 31° 58' 46" Longitude 104° 54' 11"
3. Estimated Size 14,351 Acres at the time of this Agreement.
- 4 Agency DOI-NATIONAL PARK SERVICE Fire Code TX-GUP-000208 J8XC
Agency EMNRD-FORESTRY DIVISION Fire Code 16-51650476X

5. This Agreement becomes effective on MAY 7, 2016 at 12:51
and remains in effect until controlled or until otherwise amended or terminated.

- | 6. Position | Name | Agency |
|---------------------------|---------------------|--|
| Incident Commander | <u>RICH NIETO</u> | <u>USFS R3-ALBUQUERQUE</u> |
| Incident Business Advisor | <u>Kendra Mayes</u> | <u>Type 2 (T) GUADALUPE MOUNTAINS NP</u> |

7. Agency Representatives participating in development of Cost Share Agreement:

- | | |
|--------------------------------------|--|
| Agency <u>GUADALUPE MOUNTAINS NP</u> | Agency <u>EMNRD-Forestry</u> |
| Name <u>ERIC BRUNNEMANN</u> | Name <u>GILBERT ROMERO</u> |
| Title <u>Superintendent</u> | Title <u>INCIDENT BUSINESS ADVISOR</u> |

8. There are several ways to determine the best cost-share mix. Below are examples of five cost share possibilities:

- A. Each Agency pays for its own resources – fire suppression efforts are primarily on jurisdictional responsibility lands.

- B. Each Agency pays for its own resources – services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.
- C. Cost share by percentage of ownership or Agency jurisdictional responsibility.
- D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.
- E. Reconciliation of daily estimates (for larger, multi-day incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multi-Agency contributions.

The following are not reimbursable:

- responsibility for tort claims or compensation for injury costs;
- non suppression rehabilitation costs are the responsibility of the Jurisdictional Agency;
- non-expendable property purchases (are the responsibility of the Agency making the purchase); and
- support costs (*i.e.* office dispatchers, warehouse workers, etc.), unless they are charging to an emergency code assigned to the incident.

9. Fire suppression costs will be divided between agencies as described below:

In consideration that there is a small amount of state and private land, totaling 385 acres and the BLM portion is 14 acres, the National Park Service will pay 100% of the Coyote Fire.

NPS	13,957 acres	99.97%
State Land	380 acres	0.02%
USDI-BLM Las Cruces	14 acres	.0009%
TOTAL	14,351 acres	100.0%

Per the May 28, 2016 e-ISuite report, incident costs were estimated at \$4,340,237.

10. This Cost-Share Agreement is our best judgment of Agencies' cost responsibilities for this incident on the date/time shown. Future amendments to this Cost-Share Agreement may be necessary as conditions and fire spread change. This Cost-Share Agreement can be negotiated in the field; however, only the State Forester has the

authority to enter into a cost-share agreement on behalf of the EMNRD-Forestry Division.
