

**NEW MEXICO WILDLAND FIRE MANAGEMENT JOINT POWERS MASTER
AGREEMENT
COST SHARE AGREEMENT**

The purpose of this Cost Share Agreement is to provide for a coordinated cooperative fire suppression operation on this incident and to describe the cost share methodology. This Cost Share Agreement is entered into as per Section 44 of the New Mexico Wildland Fire Management Joint Powers Master Agreement.

1. Incident Name Tiffany Fire Origin Date 6/26/17 Time 1853
2. Township _____ Range _____ Section _____
3. Estimated Size 9200 Acres at the time of this Agreement.
4. Agency EMNRD, Forestry Division Fire Code 17-30700773X
Agency USDI Bureau of Reclamation Fire Code PNK259 NM-N3S-000266
5. This Agreement becomes effective on 7/7/17 at 1000 and remains in effect until Controlled or until otherwise amended or terminated.

6. Position	Name	Agency
Incident Commander	<u>Ryan Romero</u>	<u>Bureau of Land Management</u>
Finance Section Chief	<u>Shana Miller</u>	<u>Bureau of Land Management</u>

7. Agency Representatives participating in development of Cost Share Agreement:

Agency <u>EMNRD, Forestry Division</u>	Agency <u>Bureau of Land Management</u>
Name <u>Doug Boykin</u>	Name <u>Mark Matthews</u>
Title <u>District Forester</u>	Title <u>Field Manager</u>

Agency Bureau of Reclamation

Name Jennifer Faler

Title Area Manager ABQ Area Office

8. There are several ways to determine the best cost share mix. Below are examples of five cost share possibilities:

- A. Each Agency pays for its own resources – fire suppression efforts are primarily on jurisdictional responsibility lands.
- B. Each Agency pays for its own resources – services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.
- C. Cost share by percentage of ownership or Agency jurisdictional responsibility.
- D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.
- E. Reconciliation of daily estimates (for larger, multiday incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multiagency contributions.

The following are not reimbursable:

- responsibility for tort claims or compensation for injury costs;
- non suppression rehabilitation costs are the responsibility of the Jurisdictional Agency;
- nonexpendable property purchases (are the responsibility of the Agency making the purchase); and
- support costs (i.e. office dispatchers, warehouse workers, etc.), unless they are charging to an emergency code assigned to the incident.

9. Fire Suppression Costs will be divided between agencies as described below:

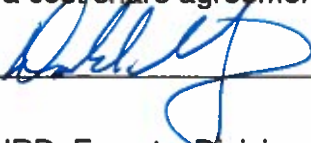

Cost share will be by percentage of ownership or Agency jurisdictional responsibility.

The jurisdiction by acreage is reported as:

State Jurisdiction	4632.69 acres	50.4%
Bureau of Reclamation Jurisdiction	4565.55 acres	49.6%
Bureau of Land Management	1.44 acres	.016%
Fish and Wildlife Service	0.13 acres	.014%
Total	9199.81 acres	100%

BLM and BOR will be combined at a 49.6% share with BLM handling the financials. Fish and Wildlife will not bill as it is less than 1%. EMNRD, State Forestry share will be 50.4%.

10. This Cost Share Agreement is our best judgment of Agencies cost responsibilities for this incident on the date/time shown. Future amendments to this Cost Share Agreement may be necessary, as conditions and fire spread change. This Cost Share Agreement can be negotiated in the field but only the State Forester has the authority to enter into a cost share agreement on behalf of the EMNRD, Forestry Division.
